**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I suppose I am lucky in that I have a choice of three broadband providers: ATT, Comcast, Sonic. I've used all three. For my business applications I continue to use Comcast for my Broadband. For my residential service, I have found Sonic to be the most price competitive, best service provider. The quality differential in tech support and bandwidth support is in Sonic's favor. Pricing has increased substantially over the past 5 years from both my providers but I fear even great price increases and decreased service without continued competition among providers.
